PROJECT SYNOPSIS

1 Introduction

1.1 Problem Definition

1.2 Relevant Theory

1.3 Literature Survey

1.4 Scope

1.5 Objective

2 Requirement Analysis

2.1 Requirement Specification

- Normal Requirements
- Expected Requirements
- Exited Requirements

2.2 Validation of Requirement

2.3 System Requirements

- Software Requirements
- Hardware Requirements

3 System Design

4 System Analysis

5 Risk Management

6 Conclusion
